PROFESSIONAL PROFILE

Motivated young web developer and aspiring software engineer with a strong interest in building practical, user-focused digital solutions. Experienced in HTML, CSS, JavaScript, responsive web development, Git/GitHub, and basic Python programming, with a growing portfolio of independent projects and web application concepts.

Passionate about web development, software engineering, and cybersecurity, while also developing interests in accounting and economics. Experienced in student leadership, competitive quizzing, football, music, church administration, and community activities.

A self-directed learner who enjoys turning ideas into functional digital interfaces and exploring how technology can solve practical problems.

EDUCATION

Cuttington University

Liberia | Current

BSc Economics and Accounting

- Developing knowledge in economics, accounting, business, and organizational principles.
- Continuing independent development in web development and software engineering alongside university studies.

Senior STS School

SELECTED PROJECTS

Personal Portfolio Website

Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, experience, and achievements.

Central Liberia Conference Website

Developed a website concept for the Central Liberia Conference within the Seventh-day Adventist setting, focusing on presenting organizational information through a modern and accessible web interface.

JavaScript Quiz Application

Built an interactive quiz application using JavaScript, including question handling, user interaction, scoring, and dynamic results.

Dice Rolling Application

Built an interactive dice application using JavaScript that simulates rolling a six-sided die and generates a random number between 1 and 6, with an animated rolling interaction.

Multiplication Table Generator

Built a simple interactive web application that generates multiplication tables based on user input.

Contact Form

Developed an interactive website contact form and integrated email functionality for handling submitted messages.

Escape Landscaping — Early-stage software concept and interface prototype

Designed the initial interface and concept for a U.S.-based digital platform intended to connect teenagers and young workers with local landscaping and yard-maintenance opportunities. Customers post jobs with details such as the work required and offered payment; workers discover opportunities, connect with customers through the platform, and arrange work. *Status: early-stage prototype and concept; not a completed production application.*

CERTIFICATIONS & TRAINING

Orange Digital Center — Cuttington University | Web Development Training Certificate

Completed a two-week web development training program.

Breakthrough ACTION Liberia (USAID-supported) | Certificate of Completion | November 16, 2024

Completed sixteen weeks of Family Planning and Reproductive Health lessons aimed at reducing teenage pregnancy and improving reproductive health. Certificate co-signed by the Bong County Health Officer.

Seventh-day Adventist Church, Central Liberia Mission | Certificate of Completion | September 30, 2023

Successfully completed the Revelation Seminars lessons (Bassa Community, Gbarnga, Bong County).

WAD Bible Gem Quiz 2023 | Certificate of Participation

Participated in the 2023 West-Central Africa Division (Adventist Youth Ministries) Bible Gem Quiz, covering the books of Joshua and Mark.

Bible Jam Quiz — Accra, Ghana | December 2023

Participated in the Bible Jam Quiz at Valley View University, Accra, Ghana.

LEADERSHIP EXPERIENCE

School Quizzing Team | Grades 9 & 10

Second Captain

- Served as second captain of the school quizzing team.
- Supported team preparation and coordination.
- Developed communication, teamwork, recall, and analytical skills.

High School Student Leadership | 2024–2025

Presidential Contestant

- Contested for the position of Student Council President during senior year.
- Participated in student leadership and school-wide engagement.

Church Choir | 2025–Present

Choir President

- Lead and coordinate the church choir.
- Assist with rehearsals, organization, and musical activities.

Seventh-day Adventist Church — Bong County | Current

Church Clerk

- Assist with church administrative responsibilities and record keeping.
- Support organizational communication and documentation.

ATHLETIC & MUSIC EXPERIENCE

Tumba Women Football Academy | Football Player, U-17 National League

- Competed in the Liberia Football Association U-17 National League during the 2025–2026 season.
- Promoted to the club's fourth-division team.
- Part of the team that won the Liberia Football Association Fourth Division League in Bong County.

Church Organist / Pianist | First Organist, Current

- Serve as the first organist in the church, playing piano and providing musical support during services.
- Continue developing musical skills.

CORE STRENGTHS

Independent Learning • Creativity • Problem Solving • Adaptability • Leadership • Initiative • Teamwork • Discipline • Communication • Project-Based Learning

PERSONAL INTERESTS

Web Development • Software Engineering • Cybersecurity • Programming • UI/UX Design • Technology & Digital Innovation • Economics • Accounting • Piano & Music • Football • Leadership • Community Service

CAREER DIRECTION

Aspiring to build a career in software engineering and web development while continuing to develop knowledge and practical skills in cybersecurity. Interested in creating useful digital products that address real-world problems, with additional interests in the intersection of technology, business, economics, and accounting.
